2. Georgia Gross Receipts Factor (c. above) ..... 2			
3. Gross Receipts apportioned to Georgia (Line 2 x Line 1) (Enter in Line 8, Schedule 1, Page 1) 3		\$	

Effective for tax years due on or after March 1, 1997, Georgia Code Section 48-6-95(b)(1) provides that Georgia gross receipts for a financial institution conducting business both within and outside the State be determined using the apportionment factor prescribed under Georgia Code Section 48-7-31(d)(2)(C).

Georgia Code Section 48-7-31(d)(2)(C) states, in part, that the gross receipts factor is a fraction, the numerator of which is the total gross receipts from business within this State during the tax period and the denominator of which is the total gross receipts from business done everywhere for the tax period.

The gross receipts within Georgia and Everywhere should be calculated in the same manner as the gross receipts calculation used on the Georgia Corporate Income Tax Return (Form 600).
